INTENSIVE FACIALS

These facials use the power of technology combined with advanced techniques to treat multiple issues and give your skin a big boost.

Proionic Gravity Defy Facial (90-min S\$599.20)

Using Indiba to increase proionic action in skin cells. The patented 448kHz radiofrequency facilitates transfer of ions between cells for improved cell oxygenation and metabolism. Your skin elasticity and facial contours are refined in just one session.

LPG Mobilift Facial (90-min S\$599.20)

LPG micro-pulsations activates the production of collagen & elastin (+46%) for firmness and suppleness, and hyaluronic acid (+80%) for volume and hydration. This drains toxins, brightens the complexion and refines skin texture while smoothing out fine lines and wrinkles.

Cool Intense Pulsed Light (IPL) Facial (90-min S\$481.50)

Cool IPL Add-on to Facials (15-min S\$308.16)

This trustworthy technology uses light energy to penetrate down to the second layer of your skin (dermis) to rejuvenate your skin. Cool IPL cools the skin rapidly so that it is comfortable to allow more light to reach target cells. Each IPL facial can be customized to treat the following issues:

- Pigmentation: IPL breaks up uneven patches of melanin to reduce pigmentation.
- Aging: Stimulates collagen production to reduce fine lines, firm skin, shrink pores and even skin tone for younger looking skin.
- Acne: Kills bacteria that causes acne and controls sebum production while treating the redness, enlarged pores and pigmentation caused by acne.

Biocell Meso Science Treatment (90-min S\$727.60)

Promotes skin's natural re-birth for younger, clearer and firmer appearance. Bioactive microspheres and a Lotus Stem Cell ampoule are used to provoke growth of healthy young cells, collagen and hyaluronic acid - the building blocks of supple, radiant skin.

Bespoke Cocktail Face Treatment (100-min S\$727.60)

A comprehensive treatment customized to your skin's needs. A cocktail of premium boosters with concentrated ingredients is used systematically for results. This red carpet treatment features our signature "kneading" massage to promote microcirculation and lifting.

Hyperwave™ Face Therapy (Add on to any facial, 30-min S\$256.80)

Trained Bioelectric Therapy aestheticians use their hands to transmit bioelectricity along energy lines on the face to improve muscle tone and increase collagen production for a firmer and healthier complexion.
